

March 2018

March with Springboard!

Welcome to March!

Did you know...

March was named after, Mars, the Roman god of war. On the original Roman calendar, March was the first month of the year.

At Springboard this month...

We will continue to reinforce culture and expectations.

As part of our diversity celebrations we'll discuss:

- National Women's History Month

We'll also explore:

- Music
- Nutrition month
- Plants and weather

As always, we'll work on reading and teamwork.

Just for Fun!

Make Your Own Basketball Hoop

March is also a busy month for basketball as college teams around the country play in the NCAA tournament. Join in the fun by making your own mini basketball hoop at home!

To make the hoop:

- Draw a backboard on construction paper or card stock and cut it out.
- Glue the backboard to the side of a tall box.
- Cut the bottom out of a plastic cup and glue with hot glue to the backboard to make the basket (kids may need help with hot gluing!)
- Once the glue dries, you're ready to play! Ping pong balls make great mini basketballs.
